Lockheed Proposal

Lori Cohen

Marcia Knadle, ES-098
Deborah Gates, SO-125
Nigel Blackely, Ecology
Mike Kuntz, Ecology
Lee Rees, Ecology
Dan Cargill, Ecology

Attached is a proposal from Lockheed to investigate their Harbor Island facility. Technical folks should review and have comments ready by July 27, 1988. I will schedule a meeting or conference call for July 28 or 29.

I will probably meet with Lockheed in August 1-3, details to come.

Thanks! I will be out July 15-20, please call Deborah Gates if you have any questions.
